

Homework 2: Texture Synthesis and Image Inpainting

Computer Vision

Xiaoli He

April 1, 2017

1 Texture Synthesis

The synthesized images for T1,T2,..., T5.gif by with WindowSize = 5, 9 ,11 pixels are shown in Figure 1. The average run time was about 5 min. (To filled a 200*200 pixel image).

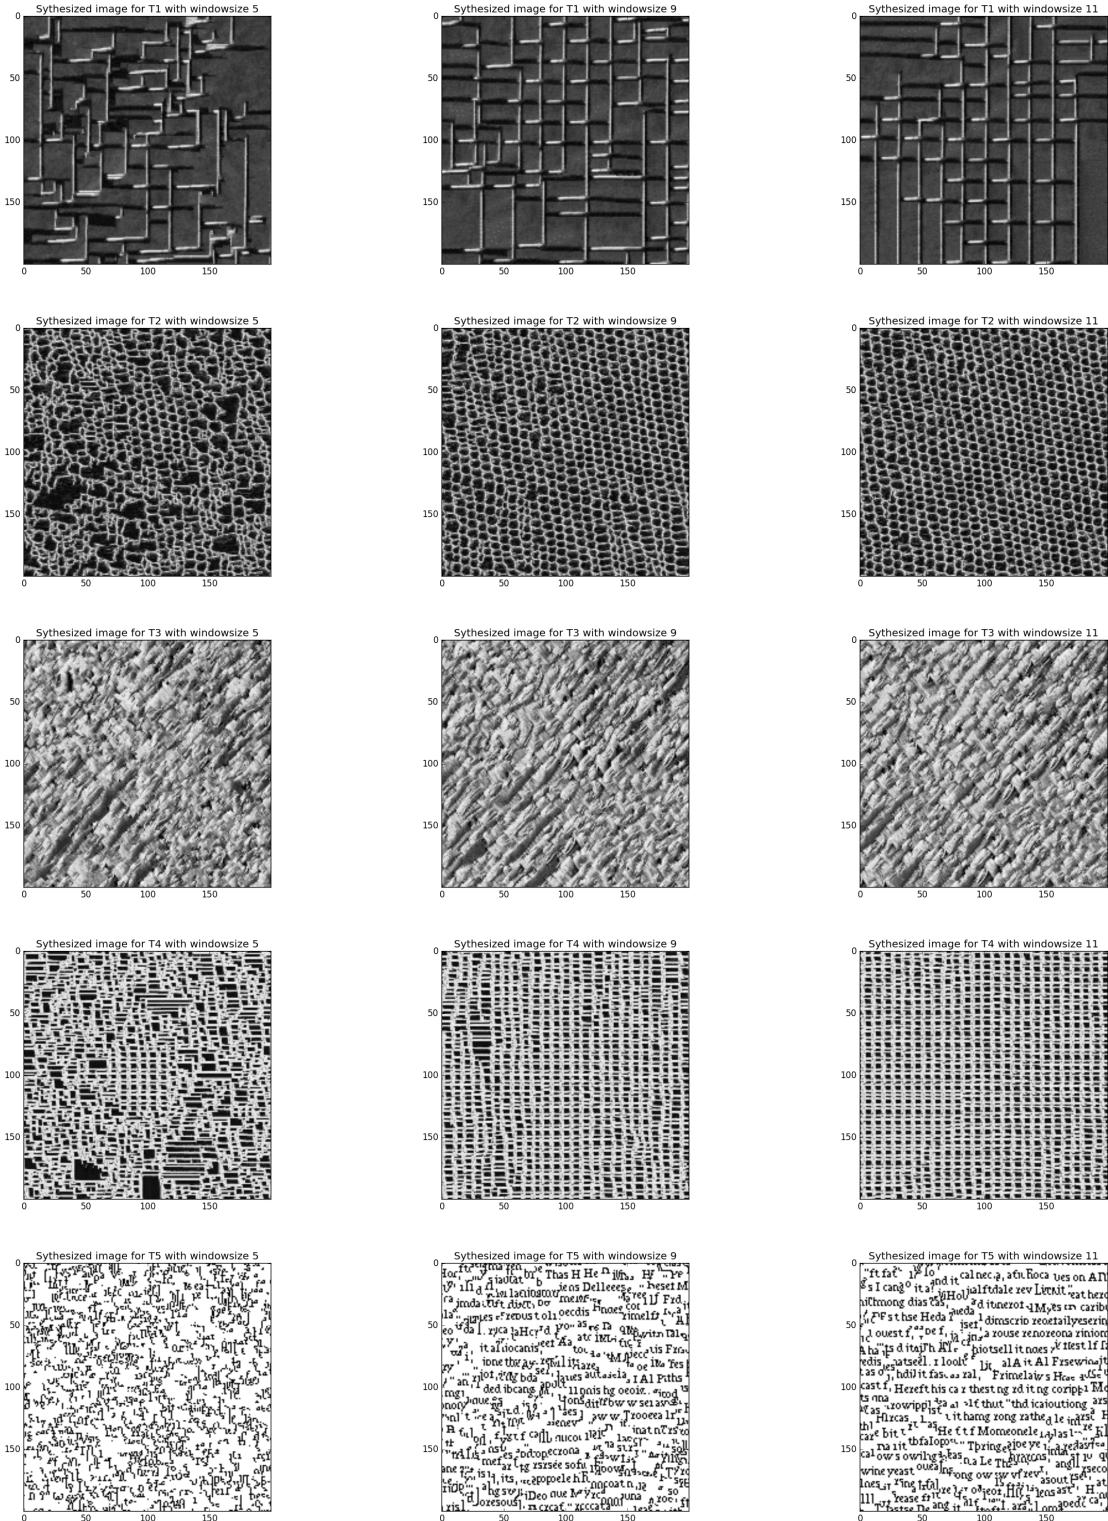

Figure 1: Synthesized images for sample images T1,T2,T3,T4,T5 by with Window Size = 5, 9,11 pixels

2 Image Inpainting
